Critical Intelligence Problems Committee

DD/ICS FYI. We should move the
Office of the Chairman original along to
the DCI.

Note for DD/ICS

Elois:

This is a recurring problem,
usually the result of ~~an~~ couriers
~~staffer~~ not steeped in the
peculiarities of Congressional
organization.

The delivery attributed to the
IC Staff is a ~~bitterness~~. As nearly
as we can tell, about two months
ago, the CIA couriers picked up a
document from Mr. Casper's office
in DEDB 345 to be delivered to
Mr Stevens and Mr Addabbo. For
some reason it was in an ICS
envelope. The couriers took it to
the members' personal offices, not
the specially designated rooms.

I believe it might be useful to STAT
put out a memo from the DCI telling
people, once again, to be careful when
delivering material to the Hill.
I am agree & addreft it.
